

MONTHLY PA ANNOUNCEMENTS - COURAGE

The following is an example you can use or you can make up your own. It's very important to do this at least once a month and it has the greatest impact if delivered by the Principal or Vice Principal.

Did you hear that **COURAGE** is this month's superpower? **COURAGE** means being brave by trying new things and standing up for what is right. It is important because we can practice skills and learn new things.

In this month's video, Quazar talked to us about a student who had to give a presentation to their class all by themselves. I don't know about you but that situation even scares me sometimes! In the video, the student used **COURAGE** to give the presentation and get better at public speaking. That was a very brave thing to do. Next time the student gives a presentation, I bet it will be a little less scary.

Facing our fears and trying something new can be difficult. It can also be difficult to stand up for what's right, like when you see something unfair or someone being bullied. Practicing **COURAGE** means helping people when they need help and standing up for what is right no matter how difficult or scary it might be. But if we all stand up for what's right and go outside of our comfort zone, we can make our classrooms and school a better place. That's the power of **COURAGE**.

Don't forget the golden rules of nomination this month – the "do-be's" and "don't-be's" that are on the poster in your classroom and keep an eye out for classmates who are practicing **COURAGE** this month by trying something new and standing up for what's right.

As Quazar says, "**COURAGE** means being brave and trying something new, even if it's scary!" So let's all practice **COURAGE** in our school this month!
