

MONTHLY PA ANNOUNCEMENTS - INITIATIVE

The following is an example you can use or you can make up your own. It's very important to do this at least once a month and it has the greatest impact if delivered by the Principal or Vice Principal.

Attention students! This month's superpower is **INITIATIVE**. That might be a word that some of you have never heard before but it is really important. In fact, **INITIATIVE** will be important for the rest of your life.

This month's video showed us an example of a student working in a group that needed leadership. Instead of watching the group struggling to work together, the student stepped up and took on the role of the leader by leading the discussion and helping everyone to work together. Being a leader is a great way to take **INITIATIVE**!

Quazar says **INITIATIVE** means going the extra mile to do a great job. This can mean lots of different things for each different person. The important thing to remember is that someone with **INITIATIVE** is looking for ways to go above and beyond what was asked of them to do the best job that they can. When you practice **INITIATIVE**, you will always know you did the best job you could because you took the next step to do something extra. That's the power of **INITIATIVE**.

Keep an eye out this month for people who look for ways to go above and beyond and remember to follow the golden rules of nomination – the "do-be's" and "don't-be's" that are listed on the poster in your classroom.

Let's get out there practice **INITIATIVE** to go the extra mile and make our school great this month!
