

## **NEWSLETTER UPDATES – COOPERATIVE**

### **For Video 1**

#### **ANNOUNCING: QUAZAR'S SUPERPOWER CARING CHAMPIONS**

We're very pleased to announce the official list of Quazar's Superpower Caring Champions; these kids led the way and got the most votes:

*INSERT NAMES/ROOM?/GRADE HERE*

These kids are now part of the official Caring Team who will plan the All-Inclusive Recess... lots of games and stuff, and no one will be left out... everyone plays.

Let's not forget, a SUPER DUPER thanks to those kids who did the nominating...  
WAY TO GO!! KEEP UP THE GREAT WORK!!!

#### **INTRODUCING: QUAZAR'S SUPERPOWER – COOPERATIVE**

In this month's video, Quazar explained to students that being COOPERATIVE means working together, with other people, towards a common goal. When we work together, we are able to achieve things that we couldn't do by ourselves! Quazar helped students to see that if they wanted to build a sand castle, they could be COOPERATIVE to work with their friends so they could make an even bigger castle than one person could on their own. Now that's being COOPERATIVE at its best!

Quazar challenged students to practice their superpower of being COOPERATIVE as an individual, in their classrooms and at school – that way we can learn to be good friends that work together to achieve common goals. That's the power of being COOPERATIVE!

Being COOPERATIVE makes things easier for everyone, so we're hoping you enjoy being cooperative with us by helping your children understand what it means, and perhaps even putting it into practice in your home... our Superhero teachers did a fantastic job of it, and we thank you all.

## **NEWSLETTER UPDATES – CO-OPERATIVE For Video 2**

### **ANNOUNCING: QUAZAR'S SUPERPOWER CARING CHAMPIONS**

We're very pleased to announce the official list of Quazar's Superpower Caring Champions; these kids led the way and got the most votes:

*INSERT NAMES/ROOM?/GRADE HERE*

These kids are now part of the official Caring Team who will plan the All-Inclusive Recess...lots of games and stuff, and no one will be left out...everyone plays.

Let's not forget, a SUPER DUPER thanks to those kids who did the nominating...  
WAY TO GO!! KEEP UP THE GREAT WORK!!! And as Quazar says, "Catchya later!"

### **INTRODUCING: QUAZAR'S SUPERPOWER – COOPERATIVE**

Quazar's adventure during Cooperative Month was on the two moons of Epiphia, specifically, "The First One" and "The Other One" where the students of each school were working on a science project to create giant towers with enormous mirrors. If angled properly, they'd be able to see each other, even though their moons were on opposite sides of the planet. The problem was, they couldn't cooperate on which way to point their mirrors!!!

Luckily, Quazar had the solution. "Sometimes you need to rise above a problem to really see how to be cooperative." So, Quazar and the trusty "Quazar-Mobile" space ship picked up a student from each moon and flew them high above each mirror so they could see which way to angle them. By communicating with their classmates on the ground, they got just the right angles for each mirror so they could see each other's moons for the first time in history! Now that's being cooperative at its best!

Being cooperative makes things easier for everyone, so we're hoping you enjoy cooperating with us by helping your children understand what it means, and perhaps even putting it into practice in your home...our Superhero teachers did a fantastic job of it, and we thank you all.
