ANNOUNCING: QUAZAR’S SUPERPOWER INITIATIVE CHAMPIONS

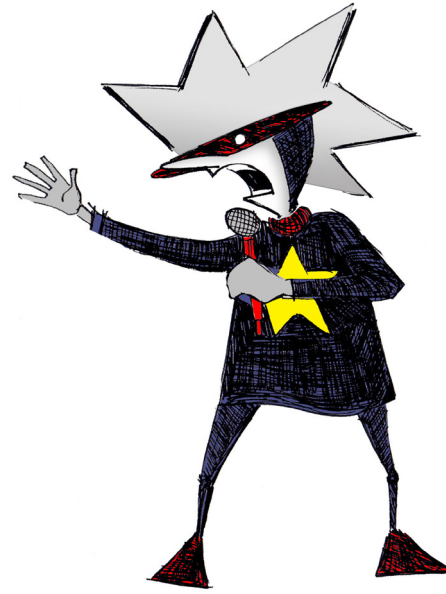

Cheers and congratulations to our latest round of Superpower Champions who were recognized by their fellow students for demonstrating INITIATIVE.

INSERT NAMES/ROOM?/GRADE HERE

It takes one to know one: Any of the students who nominated someone for INITIATIVE have shown that they probably have a heaping helping of it already; we’re very proud of them TOO. WAY TO GO!! KEEP UP THE GREAT WORK!!!

INTRODUCTION: QUAZAR’S SUPERPOWER - PERSEVERANCE

This month Quazar’s video taught students about a brand new superpower: PERSEVERANCE. This is an exciting superpower because it helps us accomplish things that we did not think were possible before! Quazar’s example showed us a student who wanted to learn how to score baskets in basketball. They didn’t score the first few times they tried but they did not give up and used PERSEVERANCE, practice and hard work to accomplish their goal!

PERSEVERANCE can help us learn new things, improve on skills, reach a goal or finish a task – as Quazar says, a little PERSEVERANCE goes a long way! Students were encouraged to think about how they can practice this superpower as individuals, in the classroom and in their school. PERSEVERANCE means never giving up on something, no matter how difficult it may be. With that attitude, anything is possible!

Our teachers probably pointed out that a good example of it was trying hard each month to be nominated by your classmates. Parents may have used that example also, and we thank you for YOUR PERSEVERANCE each month in helping your children understand and use their superpowers (Attributes).

It takes one to know one: Any of the students who nominated someone for Initiative, have shown that they probably have a heaping helping of it already; we're very proud of them TOO. WAY TO GO!! KEEP UP THE GREAT WORK!!! And as Quazar says, "Catchya later!"

INTRODUCTION: QUAZAR'S SUPERPOWER - PRESEVERANCE

"HEY EVERYBODY! QUAZAR here with the PERSEVERANCE update and list of our Superpower Champs who were recognized by their fellow students for showing how to persevere, even when it would be easier to just give up, or slack off.

During my lastest adventure, Admiral Admirable asked me to help the principal at the school on the Incentum Asteroid. In order to motivate the students to do well and work as a team, the school was divided into two teams (Red and Blue), and a contest was organized to give points for high marks, sports and fundraising. The Red Team had taken an early lead and the Blue Team had fallen behind (some kids even started to slack off which made things worse, you could say The Blues had the "blues").

I stepped in and gave the Blue Team some really great examples of famous people in history who never gave up or quit, even though it would have been easier to throw in the towel. I said, "are you going to give up and let Team Red dominate you? No...because if you study harder, play to win and help each other, you could have the greatest comeback of all time!!!" Guess what? THEY DID, and that, my friends, is PERSEVERANCE. It doesn't matter as much who wins or loses, it's how hard you really try."

Our teachers probably pointed out that a good example of it was trying hard each month to be nominated by your classmates. Parents may have used that example also, and we thank you for YOUR perseverance each month in helping your children understand and use their Super-Powers (Attributes).

CONGRATULATIONS TO OUR PERSEVERANCE CHAMPIONS:

And, to those students who did the nominating, you have shown that you know what it takes to keep your eye on the prize and that you know what perseverance is when you see it.

YOU ARE ALSO SHINING STARS!!! As Quazar says "Catchya later!"
